THIS PAGE DECLASSIFIED IAW EO 13526

HEADQUARTERS
NINETY-SECOND BOMBARDMENT GROUP (H) AAF
Office of the Communications Officer (J-E-1)

APO 634
16 March 1944

SUBJECT: Operational Communications on 16 March 1944.

TO : Commanding Officer, 92d Bombardment Group (H) AAF, APO 634.

1. The 40th Combat Wing Buncher was reported as being reliable for a distance of 50 miles.

2. Splashers 7, 9, 10 and 16 were used for homing with good results, excepting Splasher 10 which was reported as not keying properly.

3. Eight (8) A/C used GEE. The farthest fix was obtained by 325 Q. The coordinates of this fix were 49°04' N 03°12' E.

4. VHF was used by the group leader to coordinate the formation. Several A/C had successful transmissions with American and RAF fighters. VHF in general was very satisfactory.

5. Two A/C obtained three (3) QDMs from base. The usual base and Division weather broadcasts furnished all A/C with weather information.

6. No violations of radio discipline were disclosed.

7. The PFF radio operator was briefed to send control point messages, fighter rendezvous message and the bomber-strike message. General reception was reported as being very good.

For the Communications Officer:

Ralph E. Wilson
RALPH E. WILSON,
1st Lt., AC,
Communications Officer.
